Laminate Flooring

## WHAT IS A LAMINATE FLOOR?

**W**ith the look & texture of a hardwood floor, laminate flooring is a low cost, durable & versatile floor covering option that has become increasingly popular in recent years.

Laminate flooring is the perfect choice for the homeowner who wishes to fit and forget. It is incredibly low maintenance, easy to clean and perfect for easy living.

Here at Keen-M, our huge range of laminate flooring has something to suit every budget, style & setting. The durability of a laminate floor is measured by AC (Abrasion Class) ratings, varying from AC 3 to AC 6.

### AC 3 – CLASS 23 / 31

Suitable for **residential** settings with moderate traffic in bedrooms and living areas.

### AC 4 – CLASS 32

Designed for use in **residential and general trafficked commercial** settings, such as offices, salons, boutiques & cafés.

### AC 5 – CLASS 33

Suitable for use in **medium to heavy trafficked commercial** settings such as showrooms, retail spaces, offices & restaurants.

### AC 6 – CLASS 34

The perfect option for **high traffic areas** including public buildings, airports, supermarkets, large offices & a long lasting choice for residential settings.

## 12MM ALSAFLOOR LAMINATE HERRINGBONE

Herringbone flooring became the hottest trend in recent years. Our 12mm AC 6 Alsafloor offers a contemporary twist on a classic, while remaining low maintenance and extremely durable. The boards are stain & impact resistant, have a water protected bevel and are sold with a 35 year manufacturers residential warranty.

All of our laminate herringbone options are available with a matching straight plank, offering the homeowner an alternative style dimension. (Sold in packs of lefts & rights. Waste factor of 10%)

**Waterproof Laminate Flooring**

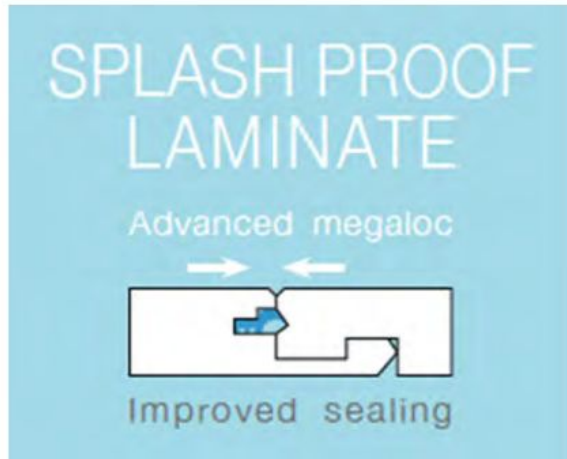

## WHAT IS A WATERPROOF LAMINATE FLOOR?

With the look & texture of a hardwood floor, laminate flooring is a low cost, durable & versatile floor covering option that has become increasingly popular in recent years.

Thanks to modern technology, waterproof laminate flooring can be made to suit every room in your home. Our new waterproof laminate is suitable for all residential and light commercial use including bathrooms.

Classen waterproof laminate flooring provides 24-hour protection against water. Equipped with a new, modified Megaloc Aqua Protect assembly system and a revolutionary hydrophobic coating that significantly improves edge swelling resistance.

**Advanced Megaloc System:** The advanced Megaloc system is a newly created, even more powerful locking system that prevents water from passing through the joints. An extra bevel lacquer on the HDF offers full protection against water. This new feature offers the following benefits; Easy and fast installation, super tight joints, water repellent bevel and 24 hour spill proof protection.

**Hydrophobic coating:** The innovative resin composition resists moisture and condensation, eliminating the threat of swelling. Hydrophobic coating is also anti-static which means it repels against dust and dirt making cleaning much easier.

**Waterproof testing:** Product tested in the Classen laboratory showed no water seeping through the joints after 24 hours of having water lying on the floor. Tested according to NALPHA Norm USA.

**CLASSEN**®

**OAK BROWN MIX**

## **8MM CLASSEN WATERPROOF LAMINATE**

---

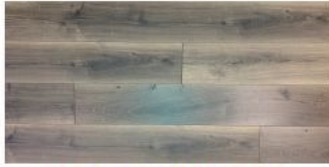

With our new waterproof laminate the design and durability of your floor can finally go hand in hand together. The original character of the joints is in perfect balance with the design of the floor. The European quality design and colour variation extends throughout the floor and creates the feeling of real wood, for a fraction of the price. The 15 year manufacturers warranty offers you that peace of mind for years of hassle free cleaning and no moisture problems.

Engineered & Solid Wood Flooring

# WHAT IS AN ENGINEERED WOOD FLOOR?

Engineered wood flooring is solid wood flooring on a cross-grain Plywood base. Keen-M engineered wood floors have generous wear layers (solid top) varying from 4mm to 6mm in depth.

Engineered wood flooring is extremely versatile and the innovative construction of the boards results in very little movement. What the end user can see and feel is a solid wood floor, that does not need to be acclimatised over a long period of time & is suitable for use with under floor heating.

## DESIGNED BY NATURE - ENGINEERED COLLECTION

---

Hardwood flooring doesn't get more characterful than this engineered collection. Extra rustic in grade, The 'Designed by Nature' range presents colour variation & warmth. The generously wide and long boards add a unique sense of space to your home. You won't be hindered by lack of colour choice with this range, there is sure to be a finish to suit all interior styles, be it either a country cottage or a modern city apartment.

**DRUMM CARPENTRY**  
**KITCHENS & WARDROBES**

**Flooring Accessories & Displays**

**15KG UNISIL ADHESIVE**

**U**NISIL is a prepolymer based, single-component adhesive with MS technology. It is eco-friendly, suitable for use with

under floor heating acoustic barrier and also has higher coverage per/m<sup>2</sup>.

Suitable for: gluing all types of wooden floors especially wide plank 20mm depth boards.

Coverage: 700–1200s/m<sup>2</sup> depending on foundation.

Average coverage 12–15m<sup>2</sup>/tub.

**PRYMER FAST 500 (LIQUID DPM)**

**P**rymer FAST 500 is a single component polyurethane primer, solvent and water free, able to consolidate friable substrates and create a Damp Proof Membrane (DPM) on humid sub-floors. It is suitable on either absorbent and non-absorbent subfloors, including also anhydrite.

Unique Selling Points: Fast drying time (45–50 min.), solvent and water free, no smell, low viscosity (high penetrating property), suitable for subfloor heating systems.

Suitable for creating a DPM or sealing concrete for dust.

Coverage: Approximately 40m<sup>2</sup> per 12kg drum. Depending on foundation.

### 3MM FOAM UNDERLAY—25 SQ MTR ROLL

Lightweight foam wood underlay, gives your floor covering the perfect level of support to protect it from excess wear.

Suitable for use with solid/semi solid/engineered and laminate flooring.

Best used for cushioning.

Sold in 25m<sup>2</sup> rolls.

---

### 3MM ACOUSTIC UNDERLAY—10 SQ MTR ROLL

High density natural rubber, with fleece backing and vapour barrier.

This product is extremely stable and prevents movement in your flooring, greatly reducing wear and tear.

The TimberTech2 Silver is excellent at absorbing both impact and in-room noise, to really cut down noise level in any room. The silver vapour barrier film also protects your floor covering and keeps your floor dry.

Best Used for Moisture Protection, Sound Reduction, Compression Recovery

Sold in 10m<sup>2</sup> rolls.

### 1.8MM QUICKTHERM FOR UNDER FLOOR HEATING—10 SQ MTR ROLL

QuickTherm's unique perforated design and ultra low tog value of just 0.35 means your under floor heating system works more efficiently to keep you warm.

The very dense closed cell polyethylene material can take heavy loads long-term, fully supporting your floor to protect it and keep it in good shape for a longer life.

Easy and safe to lift and handle thanks to its ultra-lightweight foam.

Sold in 10m<sup>2</sup> rolls.

---

### 2MM QUICKTHERM VAPOUR—10 SQ MTR ROLL

QuickTherm Vapour features a unique perforated design and ultra low tog value of just 0.303, so it helps your underfloor heating system work at its best to keep you lovely and warm!

It also has a built-in vapour barrier with overlap to stop moisture rising up from the sub-floor – protecting your floor covering and keeping your room damp-free.

100% recyclable PE foam makes this underlay particularly eco-friendly and kinder to the environment.

Sold in 10m<sup>2</sup> rolls.

**KRONOS INTENSIVE CLEANER 1L. (OILED FLOORS)**

Intensive floor cleaner with a special plant-based formula for intensive cleaning of wooden floors treated with natural oil. Used regularly, Lios Kronos effortlessly removes even the toughest dirt.

Contains less than 5% of surface-active agents. 90% biodegradable.

**KRONOS SOFT BALM CLEANER 1L. (OILED FLOORS)**

Suitable detergent for the cleaning and nourishing of oiled wooden floors. Due to its formulation based on maintenance oil it cleans and nourishes at the same time.

Used regularly, Lios Soft Balm helps to keep a natural and uniform appearance of wooden floors.

---

**VELUREX CONCENTRATED CLEANER 1L. (LACQUERED FLOORS)**

Sanitizing multiuse cleaner, suitable for maintenance of lacquered wooden floors.

It also efficiently acts on PVC, linoleum, melamine, marble, etc. removing dirt, black heel marks and various stains.

This is a neutro detergent with addition of

**VELUREX CONCENTRATED POLISH 1L. (LACQUERED FLOORS)**

Water-based emulsion of waxes, developed for the maintenance of lacquered wooden floors, rubber floors, vinyl floors, linoleum, marble, resins, etc. (not good for maintenance of oiled wooden floors or not-absorbent building materials).

The product gives the floor anti-slip properties and very good antistatic characteristics. It nourishes and

**MARLDON HARDWAX OIL**

Quick drying clear hard wax oil. 3-4 hours / 5 hours recoat time.

2 coats in one day. Water repellent and dirt resistant.

Coverage 23m<sup>2</sup> per coat per 1 litre. Available in Satin.

5 hours re-coat time enabling 2 coats in one day

- Water repellent and dirt resistant
- Quick drying
- Easy roller application

**LIOS HARDWAX OIL 3D**

LIOS HARD WAX BOIL 3D is a product based on natural oils and waxes that gives to the treated wood a warm and smooth look, typical of natural oil finishes.

This product does not have symbols of danger and is almost odourless.

It's excellent impregnating power makes it ideal for direct treatment of wood; the second coat protects and gives depth enhancing the wood grain

### SELF ADHESIVE PROFILES

Our collection of self adhesive profiles are designed to bridge the gap between two floors of different heights or as a neat edge between two floors, door frames or fireplaces.

These trims are available in sizes varying from 900mm to 2700mm, In a number of colours including, silver, gold, white, oak & walnut. Universal cover strips & angle edge trims available.

We also have a collection of solid wood trims in stock.

---

### SCOTIA / QUADRANT

Our collection of flooring scotia enables the homeowner to cover the expansion gap left between the floor and existing skirting board.

The Scotia is manufactured from MDF and the colour palette available is sure to have something suitable to match all flooring.

### DISPLAY STANDS

Our 12mm Alsafloor premium display consists of 8 panels measuring 60 x 90cm each, double sided with straight boards on one side & herringbone on the back. The panels have handles for ease of movement & neatly finished with a white banding. The panels are designed to slot into a compact hedgehog style stand with header board.

Standard displays consist of 8 panels of the same dimensions & a hedgehog style stand.

---

### CUSTOM DISPLAYS

Our workshop has the resources in place to offer panels designed to fit your existing displays or stands. These made to measure panels can be suitable for wall hanging if requested.

If you are stuck for space with display panels. We offer swatches of all engineered & laminate collection as a colour guide. Swatches are not a suitable tool for judging all ranges, colour variation, knots and filler may be present in some boards.
